Rubbish collections, safe disposal & recycling

A vital trio that works together to save lives and create jobs.

2 billion people don't have their rubbish collected. Donate £45 to twin your bin to help fund a community project that prevents disease, protects the environment and creates jobs. When you twin, we'll send you a certificate to put on your kitchen or wheelie bin with a photo of the rubbish collection and recycling enterprise you have twinned with overseas.

Rubina: There's no waste collection in Rubina's neighbourhood. Rubbish is left in the streets or people burn it to get rid of it. Rubina's son, Tariq, suffered burns from playing in the rubbish. Her elder son, Javed, who's disabled, has serious respiratory problems. 'He feels pain because of the smoke and I have to take him to hospital for oxygen.'

If you twin a bin, you'll receive a sticker to put on your bin that features a photo of an overseas project that is collecting people's rubbish, disposing of it safely, recycling as much as possible and promoting waste reduction. You can choose to twin with a social enterprise in Pakistan, Haiti, Uganda or Nigeria when you donate £45 to twin an inside or outside bin.
